Section Note No. PR 19/53-54 dated 16.8.53 from the Municipal Commissioner Davangere — forwarding enhanced estimate and requesting Sanction Government to the work relating to Providing H" Bitumen in B D Road /.

For perusal This is yet another Case where the Municipal Council has Split up the estimate, evidently with a view to avoid higher Sanction. As already Submitted in another Case, this Municipality has a tendency to do things in its own way glaringly and wantonly ignoring all Rules and Procedure Prescribed for the execution of Public Works. It appears as though the Municipal Council and every official concerned are determined to do things in their own way the Municipal commissioner may perhaps be asked to explain why the estimate was Split-ete

The estimate may in the first instance, where sent to the C E for favour of Scrutiny and very early return -
